

Dear CGR at MSOC

Palgrave Parish Council would like to submit a request to reduce the current number of Parish Councillors required to fill the posts available in Palgrave from the current 11 members to 10 members.

Whilst we have had a full council of 11 members for a few years in 2024 and beyond, most of the time we are operating at under that number and are finding it difficult to recruit new Councillors.

We hope this request will be given your full consideration.

Many thanks

Caroline
